

B. CATHARINÆ VIRGINIS BONONIENSIS
SPECIALIORA VITÆ, ET MORTIS PRODICIA
SACRO HYMNO CONCINNATA.

Virgo iam totum celebris per Orbem,
Stella nunc summo rutilans Olympo,
Quas tui fundunt CATHARINA serui
Accipelaudes,
Qua die intactæ GENITRICIS ortus
Gentium cunctis memoratur oris
Stirpe ab illustri ventens tulisti
Munera vitæ.
Grande te lumen fore prædicauit
Nympha cœlestis; teneris sub annis
Lactis experti tribuit palato
GRATIA pastum.
Flore sub primo viridis inuentæ
Sæculi pompis, opibusque spretis,
Prodiga dextra miserans egenis
Cuncta dedisti.
Nutibus verò monita à paternis
Felsinæ sedes patrias relinquens
Nomen à FERRO retinentis VRBIS
Tecta petisti.
Aulicos inter sociata cætus,
Vndique ingenti decorata fastu,
Attamen casto ingenuum tulisti
Corde pudorem.
Negligens autem nimios honores,
Ambiens tantum tacitos recessus,
Cor Deo aeterno fine labe sacra in
Æde sacrali.
Hinc Dei infixam pharetris amoris
Fervido accensam charitatis igne
Crine te tonso rapere Claustra
Dedita CLARÆ.
Creuit hic veræ pietatis ardor
Cuncta contemnens animo virili,
Sustinens morbos, inopemque vitam
Pectore forti.

Mentis aeterno decorata statu
Tartara ut posses domitare Monstra,
Orbis, & fraudes superare SEPTEM

Alleuat THOMAS monito suavi
CANTVARENSIS.
Dum Sacerdotes Sacrosancta tractant
Rapta cœlestes Superum inter aulas
Angelorum audis resonare cætus
Laude perenni.
Supplici in Cœlum prece vota fundens,
Mente, & imbuta placido sopore
Auream sedem tibi præparatam
Cernis in astris.
Ne tamen tantus charitatis ignis
Lumen hoc ingens daret extrâ spheram,
Patrium ad litus reuocata nostra
Limina tangis.
Illicò Corpus vigor almus intrat,
Et canunt læti Pueri per Urbem:
Quæ venit nobis benedicta semper
Iò triumphè,

Feruidis quamuis precibus abactum
Præsidis munus sacra Claustra donant,
Et tua demum dicione gaudent
Ipsa teneri.
Astra cum noctis tenebris uiterent,
Ad Polum fixos oculos reuoluens
Syderum Regem Supera sedentem
Conspicis arce.
Cuius à dextris erat Alma MATER,
Angelorum alta resonante turba:
GLORIA illius rutilabit in te
Omne per ævum.
Nocte dum tota Dominum precaris,
Ut reo mortis veniam reportes,
Anxijs votis Deus ipse pronas
Porrigit aures.
Morte præuisa, meritò libellum
Admones tradi varijs tabellis,
Fructum ut à tantis monitis futura
Sæcula ferrent.
Mortuum Corpus fouea sepultum,
Atque fragranti redolens odore
Indicant claris radijs superna
Sydera Cœli.
Membra ter seno spatio dierum
Tecta de terræ tumultu trahuntur,
Naribus pressis tribuitque primam
Dextera formam.

Numine ut nobis faueas secundo
Rebus in arctis,
Canticum pleno referamus ore
Cœlitum Regi, Soboli increatæ,
